## EXPERIENCE

**Research Assistant**, Central European University, Budapest, Hungary (2020)  
Department of Sociology and Social Anthropology

- Sought out and recruited from a network of leading Hungarian real estate entrepreneurs
- Scheduled and conducted semi-structured interviews with participants
- Transcribed interview materials

**Research Assistant**, Whittier College, Whittier, CA (2018-2019)  
Department of Institutional Research

- Analyzed a US national college survey database to extract relevant information on college athlete's socio-economic background using SPSS
- Created visualizations of findings including bar graphs and pie charts with Tableau
- Conducted focus groups with various student athlete populations, transcribed and coded the acquired data

**Research Assistant**, Whittier College, Whittier, CA (2018-2019)  
Department of Psychology

- Entered and evaluated survey data in SPSS for a research project on measuring ambivalence towards social issues connected with President Trump

**Teaching Assistant**, Whittier College, Whittier, CA (2018-2019)  
Department of Sociology

- Organized and facilitated in class discussions and note taking
- Gave a lecture on 'Sport as a Ritual: Using the social theories of Émile Durkheim and Erving Goffman'
